# Corporate Health Wellness CharterMedical

# **About Charter Medical**

Let's have a healthy conversation about your team. We provide a complete Corporate Medical service. Our consultants, who are leaders in their respective fields, manage a range of clinics which are tailored to meet individual needs.

## **Our Services**

**Pre-Employment Medicals** 

Health Screen Programmes

**Health Matters Programme** 

Women's Health Clinic

**Sexual Health Clinic** 

**Medical Diagnostic Imaging** 

**Minor Injuries Clinic** 

### **Occupational Health**

We provide a full corporate medicine programme which includes:

**Pre-Employment Medicals** 

**Vaccination Programmes** 

**Education and Health Awareness** 

**Drug and Alcohol Testing** 

### **Health Screen Programmes**

We offer the most comprehensive health screening packages available, with a thorough set of tests and evaluations to help identify any potential health issues.

We tailor each health screen to an individual's age, gender, family history and lifestyle. We have a number of options to choose from which can be designed to suit your needs and budget.

### **Health Matters Programme**

The focus of our Health Matters Programme is illness prevention and the ongoing optimisation of your health. This twelve week Programme is a follow on from the Executive Screen which is designed for those patients where the following conditions have been identified:

- High Cholesterol
- High Blood Pressure
- Elevated Body Mass Index

### The programme includes:

- An initial consultation with the doctor where a nutritional and activity plan will be discussed
- Body Fat Analysis Scan
- Monthly contact with the Health & Wellness nurse to discuss progress
- Call with the doctor six weeks into programme
- At the end of the programme, the patient will have a final consultation with the doctor which will include blood tests,
  - a further Body Fat Analysis Scan and results will be discussed.

#### Health Matters programme

### **Women's Health Clinic**

We offer a Women's Health Clinic. This service has been designed for women of all ages and is managed exclusively by a team of experienced female doctors.

**Contraception Clinic** 

**Emergency Contraception** 

**Cervical Smear**
