YOUR PATHWAY TO BECOMING A CPA

There are three exam levels and three years relevant supervised training to become a CPA and you can start your journey at different points, depending on your previous examinations and exemptions granted.

LEVEL ONE

CPA Foundation

Subjects Covered:

- Management Fundamentals
- Management Accounting
- Financial Accounting
- Taxation

LEVEL TWO

CPA Professional

Subjects Covered:

- Corporate Law
- Performance Management
- Advanced Taxation
- Financial Reporting
- Audit & Assurance
- Managerial Finance

LEVEL THREE

CPA Strategic

Subjects Covered:

- Strategy & Leadership
 - Advanced Financial Reporting
- Choose 2 of 4 Electives:
- Strategic Corporate Finance
 - Advanced Tax Strategy
 - Advanced Audit & Assurance
 - Data Analytics for Finance

Core Accounting Skills

The CPA Ireland syllabus includes the study of the core subjects of accounting, audit, tax and finance that develop the skills and knowledge required of a professional accountant.

Strategy & Leadership

Accountants are at the strategic core of all businesses. Through the study of Leadership and Strategy, you will develop the skills required to enable you to add value to the businesses you work within.

Data Analytics

Data analytics can be used to formulate and solve business problems and now with CPA Ireland, students can choose this elective at the final CPA strategic level.

Disruptive Technologies

Technology is changing how accountants will work in the future. By choosing the CPA Ireland qualification, you will discover information about disruptive and emerging technologies such as blockchain and robotic process automation.

Sustainability

As a CPA, you will be able to lead and drive responsible and ethical action around sustainability reporting and carbon accounting.

TAKE THE ROAD TO SUCCESS

Here are just some of the many exciting careers our CPAs go on to work in:

Practice & Audit

Finance Roles in Business

FinTech

Consultancy

Logistics

Science & Engineering

Education

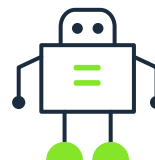

Healthcare

Retail

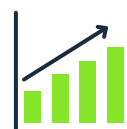

Telecommunications

Robotic Process Automation

Artificial Intelligence

Data Analytics

Blockchain

TRAINING WITH CPA IRELAND

We are committed to helping you reach your goals. Our programme is geared towards offering you the flexibility and support that you need to achieve them.

Long Term Support

We will be there to guide you every step of the way on your CPA journey. You will submit your training on a quarterly basis via our easy to use online system.

Work in Industry or Practice

You are in control of your career choices from the start. You can fulfill training requirements by working in practice, industry, commerce, finance, the public sector or any combination of these.

Online Training Record

The CPA Ireland online tool allows trainees to record hours and engage with their mentors. If you are completing a work placement or summer internship you can sign up to CPA FastTrack to start your online training record now and count this towards your three years.

No Training Contract

We don't hold you to a training contract. Our students can work in any practice or in any company that they choose.

Exemptions

CPA Ireland offer generous exemptions to those with prior relevant qualifications. CPA will look at each qualification to try and award the maximum exemptions possible for you.

An International Qualification

The CPA qualification is globally recognised. It is your passport to work anywhere in the world. CPA Ireland has partnerships set up with various accountancy bodies including CPA Australia, CPA Canada and ICA India. Choosing the CPA qualification connects you with an international community of CPA accountants worldwide.

HAVE ANY QUESTIONS?

If you have any questions about your application, exemptions or exam schedules then please don't hesitate to get in touch.
