

#BusinessBeyondBrexit

‘Supporting Business in a post-Brexit World’

The **British Irish Chamber of Commerce** and sponsor **Ulster Bank** have come together to address the various challenges and opportunities that Brexit has brought about for business interests in the UK and Ireland. This event will be the first of the #BusinessBeyondBrexit series which will look at the impact of Brexit, its eventual outcome and the business landscape beyond it, seeking to combine the broader bilateral picture with a unique regional focus.

The UK remains Ireland’s biggest two-way trading partner. Therefore, it is essential that Irish businesses across the country are aware of the consequences of the UK’s exit from the EU and plan and prepare accordingly.

The event will feature an economic overview from Ulster Bank, as well as number of presentations from local enterprises. This will be followed by a panel discussion.

Confirmed Speakers:

- **Helen Arnold**, founder and MD of TVM
- **Ricardo Amaro**, Economist, Ulster Bank
- **Katie Daughen**, Head of Brexit Policy, British Irish Chamber of Commerce
- **Brendan Keating**, CEO, The Port of Cork.
- **Shirley McCay**, Director of Trade and Investment, Department for International Trade, British Embassy Dublin.

Further speakers to be announced
