

Introducing Pleo's Partner Programme

We're here to help you get the most out of your partnership with Pleo. And that means climbing the tiers to unlock even more benefits.

It's simple: the more paid users and clients you refer to Pleo, the quicker you'll move up the tiers. The higher you get, the more offers you'll be able to pass onto your clients too (lucky them).

	 First 6 months	 0 - 9 paid users	 10 - 39 paid users	 40 - 99 paid users 5+ clients	 100+ paid users 10+ clients

How it works:

1. Add paid users and clients to Pleo via the Partner Portal
2. Climb the tiers and unlock additional benefits for you and your clients
3. Track your progress easily within the Partner Portal
4. At the end of your partnership year, your activity resets

The screenshot displays the Pleo Partner Portal interface. On the left is a navigation sidebar with the PLEO logo and the role 'Partner'. The main content area is titled 'Company' and has tabs for 'Information' and 'Referrals'. Under 'Referrals', there is a section 'Your referrals' with a tooltip explaining that the tier is determined at the end of the partnership year based on the entire referral activity. Below this is a list of referrals with columns for company name, user count, and date. A progress bar shows the user is currently a Gold partner, having referred 45 paid users, with a goal to reach Platinum. A summary overview shows 45 paid users, 9 free users, and 10 clients added. A help icon is visible in the bottom right corner.
