PLEO

Empowering your clients with Pleo's smart company cards means less paperwork, less back and forth, less end-of-month stress.

The #1 business spending solution in Europe

PLEO

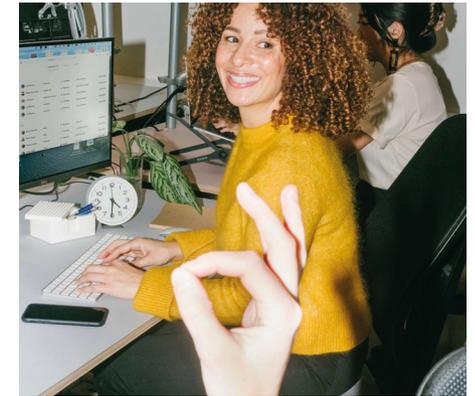

Business spending, transformed

Pleo's company cards give your clients full visibility over all their spend - automating everything from expenses and mileage to invoices and AP.

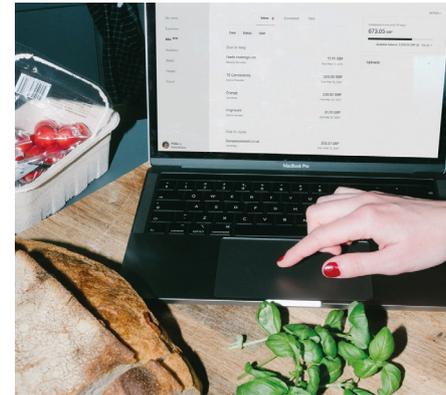

End-of-month made easy

When you're ready, just export your clients' data from Pleo to your accounting system for automatic reconciliation.

No more lost receipts

Help your clients stay compliant with receipts attached to every expense. Scan them on-the-go from the Pleo app.

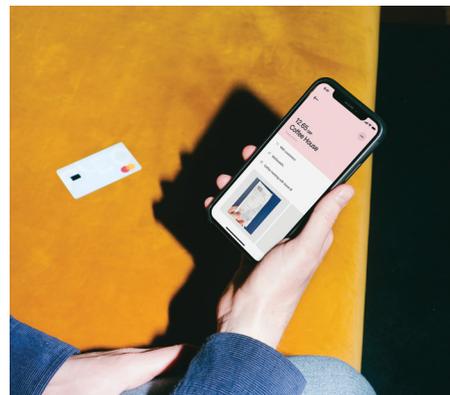

Process, approve and pay invoices with ease

Give your clients the full picture on all their spend - with the ability to process, approve and schedule invoice payments directly from their Pleo Wallet.

Real-time overview

Give clients instant insights into how and where their money is being spent, enabling better budgeting and cashflow control.

But wait, there's more...

Mileage

Our app calculates the distance and fuel cost of work trips

Direct reimbursements

Link personal bank accounts to Pleo and get reimbursed in seconds

Subscriptions

Manage all of their company subscriptions in one place

Fetch

Our automatic receipt finder matches email receipts with expenses
